■ Common Oversights

Oversight	Consequence	Prevention
Registered only in Germany, missed France	Listings removed from French site	Check Appendix B country by country
No packaging material testing	Failed customs inspection	Arrange testing in advance
Missed annual declaration deadline	Registration lapses	Set calendar reminders
No submission screenshots	Cannot prove compliance to platform	Screenshot immediately after submission

This checklist is compiled from official PRO registration requirements across EU member states. Specific requirements may vary by country and PRO; always verify with official sources.
