Platform-Specific Photo Requirements

Temu

- Product photos: white background, clear full view
- Packaging photos: must show complete packaging state
- Environmental labels: clearly visible, unobstructed
- Recycling symbols: must be clearly photographed
- Material labels: must show packaging material info
- Angles: front, side, top
- Resolution: minimum 1000 × 1000px

Shein

- Product photos: white or light grey background
- Packaging photos: must show all packaging layers
- Environmental labels: close-up shot required
- Recycling symbols: must be clear
- Compliance codes: full code must be visible
- Angles: multiple angles
- Resolution: minimum 800 × 800px

TikTok Shop

- Product photos: natural lighting, clear

- Packaging photos: must show complete packaging
- Environmental labels: clearly visible
- Recycling symbols: must be clear
- Material labels: must be shown
- Angles: front, back, side
- Resolution: minimum 1000 × 1000px

Common Rejection Reasons

Reason	Prevalence	Solution
-----	:---:	-----
Over-edited photos	30%	Use original images, no filters
Watermarks present	25%	Remove all watermarks
Incomplete packaging angles	20%	Photograph per platform requirements
Compliance labels obscured or missing	15%	Ensure labels are clear and visible
Confusing multi-platform rules	10%	Prepare separately per platform

Multi-Marketplace Best Practices

1. **Build a asset library:** store compliance photos organised by platform
2. **Update regularly:** reshoot whenever packaging changes
3. **Assign responsibility:** designate one person for compliance submissions
4. **Set reminders:** each platform has different review cycles
5. **Keep records:** screenshot every submission for your files

This table is based on the latest compliance requirements as of June 2026. Platform rules may change; always verify with official platform notices.
